

## Work Instruction Title:

Management of Monitoring Visits and Sponsor Audits

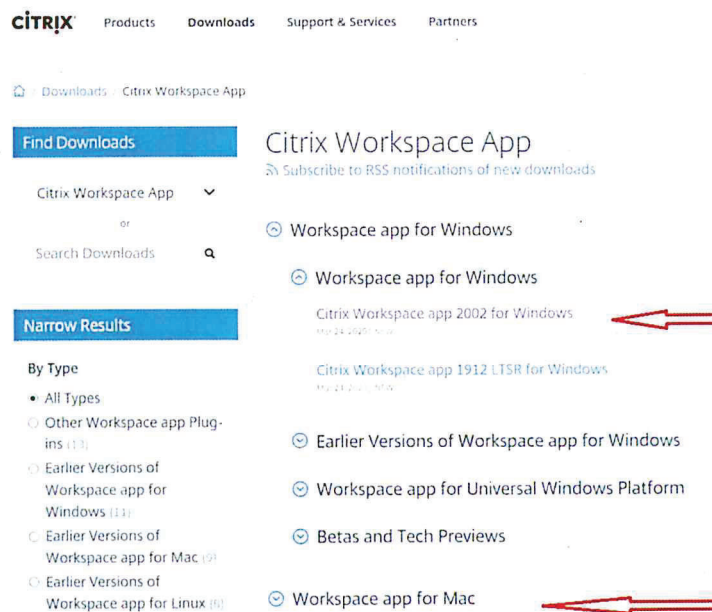

## WI Number\_Version:

WI-CIM-CR003\_01

### 1. Installing Citrix

For any Citrix application to function on your computer, you need to have the *Citrix Workspace app* software installed on your computer. Citrix recommends that the installation and the use of the application be made using Google Chrome.

Visit the web page <https://www.citrix.com/downloads/workspace-app/>. The page will automatically detect the version of Citrix Workspace app that is required for your computer. Proceed with the download and installation of the Citrix Workspace app. Note, if you are prompted to add an account and enter a server name or an email address at the end of the installation, just cancel the prompt; there is nothing to enter.

### 2. How to Access CITRIX

Navigate to the page <https://irias3.muhc.mcgill.ca> and login with the MUHC network credentials provided by the CIM audit lead. You will receive a 4-digit pin number on your mobile phone. Enter this 4-digit number on the "Additional Information Required" screen.

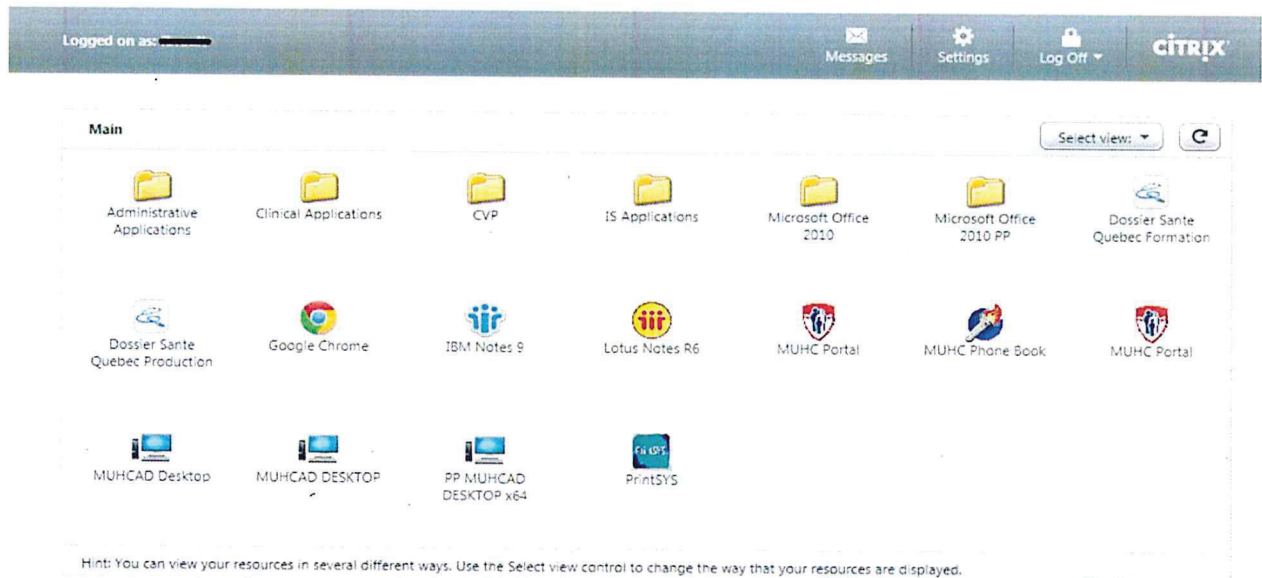

Once logged in, you will be prompted with the following screen:

## To access OACIS:

- Double-click the 'CLINICAL APPLICATIONS' folder
- Proceed to the OACIS-EMR icon and click to open.
- Once the OACIS screen is prompted, login with your OACIS login and password.

### **\*\*IMPORTANT INFORMATION\*\***

- External users cannot be connected to the institute's server while working on the remote access.
- It is strictly forbidden to download and save or print records from the MUHC share, including taking screen captures of records or OACIS. Request any copies from the CIM audit host.
- The system will lock users out after three failed login attempts. A message will not appear informing you of this. You will need to contact help desk at [c2system@muhc.mcgill.ca](mailto:c2system@muhc.mcgill.ca)
- It is important to LOGOUT at the end of the day
